

Creating a River Charter

Capturing
the output
from the
River
Festival

The right not to be polluted

The right to its own ecology

The right to flow

The right to be consulted

The right not
to be polluted

Free of invasive species
Free of pollutants
Not to be poisoned
To be clean
No plastics

The right to its
own ecology

Rich diversity of life
Life to flow and flourish
Filled with native species
Healthy ecosystem with
and without its banks

The right
to flow

Flowing where the river
wants to go
To flood, to extend, to
contract

The right to be
consulted

Access throughout the
waterways
To have its voice heard
To be consulted on
planning applications
